Winchester Self-Loading rifles are not cumbersome, complicated or unsightly, but simple, handsome and wellbalanced guns. Their use permits rapid shooting with great accuracy and on account of the novelty and ease of their operation, they add much to the pleasure of rifle shooting either at target or game. For hunting game which is generally shot on the run, a Winchester Self-Loading rifle is particularly bandy and effective. The four different calibers in which this type of Winchester is made are suitable for hunting various kinds of game, the cartridges being of the most modern type, giving excellent penetration and great shocking effect. If
